INTERVIEW SUMMARY RECORD

COMMISSIONER FOR PATENTS
P.O. BOX 1450
ALEXANDRIA, VA 22313-1450

Sir:

In view of the filing of the Response under 37 CFR 1.116 on November 5, 2008, which Applicant(s) believe(s) places the application in condition for allowance, Applicant(s) representative contacted Examiner Bernshteyn by telephone on January 28, 2009, concerning the status of this application. The Examiner informed Applicant(s) representative that he has allowed the application. However, Applicant(s) representative has not yet received any Notice of Allowability/Allowance. The six-month statutory period for response expires today, February 5, 2009. Accordingly, if for some reason the Notice of Allowability/Allowance has not been placed into effect, and the pendency for purposes of prosecution of the application needs to be continued, the filing of this Letter should be construed by the U.S. Patent and Trademark Office as a Notice of Appeal for finally rejected Claims 1-3, 5, 6, and 10-24 of the above-identified application. The fee necessary for the Notice of Appeal should be billed to the Deposit Account of the firm of the undersigned (No. 15-0030). Further, this Letter should be construed as a Petition for a third, one-month Extension of Time to the final Office Action dated August 5, 2008, and the fee for such extension of time should also be billed to the above-identified Deposit Account.

Respectfully Submitted,
